- B. Courses Developed
- FIN 4200 This course was redesigned several times. To
accommodate the changing nature of the MBA, this
course has been completely changed three times.
Several other minor revisions have also been
undertaken.
- FIN 4510 This class was developed as the capstone case
class in the area of financial Institutions. This
was a drastic change from its former content which
was a lecture course on Money and Capital Markets.
- FIN 4700 Developed a new course dealing with the current
topics related to fixed income securities.
- FIN 4860 Developed a new course in financial derivatives.

An introduction to the financial instruments as well as hedging in the corporate arena and financial markets are addressed.

- * Designed the curriculum for the Masters in Global Strategy Planning
- * Designed the curriculum for the "China Program."

C. New Teaching Methods

Several different approaches to teaching the case course have been tried over the years.

Team Learning techniques have also been introduced based on the work of Prof. Larry Michaelson, a leader in the field of team learning.
