- The Construction Management minor is *only* available to students pursuing a BSBA or BSAcc degree through the Daniels College of Business.
- The minor GPA must be 2.0 or higher to graduate.
- Only grades of “C-” or above may be used in completing minor requirements.
- Any minor course substitutions or waivers must be approved by the Director of the Burns School.

Construction Management Minor Course Requirements 2009-2010

The programs within the Burns School at the Daniels College of Business provide solid foundations in both the theory and practice of real estate and construction management. Construction Management minors learn how to determine the economic feasibility of a project, plan the construction, schedule the project, control the associated costs, and manage all financial aspects of the project.
