

BURNS SCHOLAR NOMINATION FORM

Scholar Campus Visitation – April 2-3, 2012

"Serving as the 2011 Burns School Scholar was a great experience that I value highly. It was an honor to be a part of the program of the Burns School and I was able to interact with their faculty, students, and external constituents. While they kept me very busy during the time I was on campus, I enjoyed every minute of it and appreciated their hospitality and the insights I gained from interacting with the great people there. I would recommend such an experience to anyone and congratulate the Burns School for their achievements!"
