The Business Analytics minor may be completed by students pursuing any type of undergraduate degree at the University of Denver, with the appropriate dean's approval.

Non-Business majors require 24 hours to satisfactorily complete the minor, including prerequisites INFO 1010 and INFO 1020.

The Business Analytics minor GPA must be 2.0 or higher to graduate.

Only grades of “C-” or above may be used in completing minor requirements.

Any minor course substitutions must be pre-approved by the Chairperson of the Department of Business Information & Analytics.

---

Business Information Analytics involves using data to help businesses make decisions. Students completing this minor will gain critical thinking abilities that can be very important to potential employers in an increasingly competitive business environment.
