A TOUR OF DANIELS

1

Daniels College of Business

This is home to both classrooms and academic departments including Accounting, Business Analytics, Ethics, Finance, Management, Marketing, and the Burns School of Real Estate and Construction Management. Students learn to manage funds in the Marsico Investment Center and meet with potential employers in the Career Recruiting Suite. Additionally, Marcus Commons—a popular student area, and Einstein's Bagels are located here. Numerous study rooms are available for you to reserve. The financial market symbols of the bear and bull adorn the west side of the building.

2

Margery Reed Hall

In addition to classrooms, this building houses both undergraduate academic and career advisors for Daniels, where students map-out their academic and professional goals. A student lounge provides respite between classes and meetings. And, the beautifully renovated Reiman Theater showcases larger student activities and special events. Students often meet and dine al fresco on the flagstone patio.

Joy Burns Center

This lovely red-domed building is home to the Fritz Knoebel School of Hospitality Management. Fashioned after a hotel, it serves as a learning laboratory where students receive hands-on experience in a 2,800- square- foot production kitchen alongside the Tuscan ballroom and wine cellar, which provides a beautiful space for special events of all types. Additionally, it is home to the popular student-run coffee shop, Beans Cafe. The school of hospitality is one of the few specialized programs in the nation and its graduates are highly sought after in the hospitality industry. Sculptured pineapples greet you as you enter the building.
