<sup>a</sup> Financial Accounting, Business Analytics for Finance, and Managerial Finance can be waived by passing the waiver exam for each, or if students passed these courses as undergrads with a B or better. Waiving all three courses would reduce the program length from 57 credits to 45 credits.

<sup>b</sup> Electives can be taken in the investments, business finance, wealth management or financial institutions tracks. Courses outside of the finance discipline, such as accounting or business analytics, are also available for use as electives in coordination with your academic advisor.

Please note: Course sequences are recommended and subject to change based on availability. See Graduate degree plan for degree requirements.
